

Business Plan

2021 - 2022

1st Draft: 13th December 2020
2nd Draft 20th December 2020
3rd Draft 28th December 2020
4th Draft 2nd January 2021
Final:

Background:

1. Parish councils are the most common type of local council. They were constituted by the Local Government Act 1894 taking on powers and duties which, until then, had been administered by churchwardens and overseers of the poor. The current powers and duties of parish councils are derived from various parts of legislation.
2. Local councils in England operate within a legal framework which provides them with the necessary statutory powers and authority to deliver local public services. There is no one source of the legislation supporting this legal framework and the framework itself is constantly being updated.
3. Local councils and their clerks must always be aware of and have regard to the legal power they are exercising when deciding on any action including to spend public money. The council clerk is the council's Proper Officer and the primary source of advice to the council as they prepare to make decisions requiring the exercise of their legal powers.
4. The exercise of legal powers must always be carried out reasonably. For that reason, councils making decisions are expected to and must always understand what power they are exercising in the context of their decision making.
5. It follows, therefore, that it would be unreasonable for a council to make a decision when it as an entity does not, or councilors individually do not, understand what legal power they are exercising, or whether the power is current, applicable and correct.
6. Parish councils exist to consider community affairs and exercise the powers bestowed on them. The council itself is made up of councilors who are either elected by local residents or selected to fill vacancies. Each local council has a clerk who acts as the chief officer and is the council's Proper Officer. Depending on size, local councils may employ a number of additional staff.
7. For most parish councils, the majority of income is derived from the precept, which is an annual charge on local taxpayers. The precept is set each year by a parish council as part of its annual budgeting process and is collected on the parish council's behalf by the local authority responsible for collecting council tax for its area. The level of precept depends on the nature and scope of the parish council's activities.
8. There are other resources available to parish councils in addition to the precept. Many parishes receive interest on bank balances, grants and income from charges for the use of their facilities (through, for example, hall hire charges, burial fees, sports facility rents, car parks etc.) and in some cases from returns on investments
9. Where a Council has a Neighbourhood Plan that has either been adopted by referendum or reached Regulation 18 in the approval process then an additional source of income is the Community Infrastructure Levy (CIL). This charge is now levied on all new dwellings including extensions and replacement where the internal floor area over 100 square meters in total.

BUSINESS PLAN 2021 – 2022

1) STATEMENT OF POLICY

- a) By planning for future activities in the Parish, a proactive stance is projected, rather than a reactive response to events.
- b) The Council believes that parishes form an important tier of Local Government at a "Grass Roots" level close to the people. The Council will seek to play a key role in leading and empowering the local community.
- c) The Council firmly believes in maintaining the fabric of the village. The Council aims to support the key elements eg School, Village Hall, Church, Public Houses, Doctors Surgery & Shop whenever possible and to work with them for the overall good of the village.

2) STATEMENT OF OBJECTIVES

- a) The Council will always practice open accountability, effective communication with residents, quickest responses to residents' approaches and will hold open meetings. In addition time will be allowed at each Council meeting for residents to express their views.
- b) The Council's web site is a key element in meeting the objectives outlined above. This provides a quick and effective means for residents to contact the council.
- c) The Council will meet on approximately monthly basis, but if the need arises additional meetings will be held as required.
- d) The Council will always seek to protect the collective interests of residents.
- e) The Council will encourage and promote the creation of permissive footpaths as additions to the local footpath network. The aim is to promote additional access to the countryside for villagers and tourists visiting the area.
- f) The profile of the parish will be raised and promoted.
- g) The Council's accounts and Minutes of meetings are public documents and may be viewed by residents.
- h) The Council will produce an Annual Report of its activities for local residents.
- i) The Council will publish regular articles in the village magazine.
- j) The Village Appraisal of October 2000 has been regarded as "The Voice of the Village" and used as the basis for this plan. However, a new Parish Plan was completed in 2007 and this provided an updated view to guide the Council on the aspirations of residents. This plan incorporates some items to come from this Plan but some of the more complex items will be implemented over the next few years. The Council is clear, however, that the successful implementation of the Parish Plan when adopted relies on the support & involvement of the community as a whole, together with District and County Authorities & cannot be achieved by the Council acting alone.
- k) The Council fully supports the working group engaged in producing a Neighbourhood Development Plan. The NDP will cover the whole Parish of Kemble & Ewen. The plan has finished the period of statutory consultation. It has been updated in light of comments received. The Kemble & Ewen Neighbourhood Plan has now reached Regulation 18 approval and the only remaining step is a referendum of all Parishioners, this is scheduled for May 21 when Covid19 restrictions have hopefully been relaxed.
- l) The Council fully supports the concept of a commercially viable airfield, but this should not lead to a reduction in the quality of life for residents. The Parish Council fully supports the Airfield Liaison Committee despite the withdrawal of CDC. The meetings will now be hosted and organised by Kemble & Ewen Parish Council. This committee provides a valuable means

of communication for all local Councils. The Parish Council's representative will report to the Council.

- m) The Council encourages the completion of complaint forms where necessary to help identify offending aircraft.
- n) The Council is working with the Environment Agency, Gloucester County Council and others to reduce the risk of future flooding.

3) STATEMENT OF GOVERNANCE

- a) Governance and Accountability for Local Councils, A Practitioners' Guide (England), March 2014 provides the policy and regulatory basis for the Council.
- b) The Council has published Standing Orders which control how the Council may act and the rules governing debates during meetings. These are based on the GATPC Model Standing Orders 2018. These are updated in line with changes in legislation, but they are also reviewed annually.
- c) The Council has published Financial Regulations which control how the Council may act and the rules payments and the handling of public money. These are based on the NALC Model Financial Regulations April 2019. These are updated in line with changes in legislation, but they are also reviewed annually.
- d) The Council has a policy of proportional response to risk. The Council has a risk Management Policy which is reviewed annually.
- e) The Council has adopted the Transparency Code for smaller authorities as published by the Department for Communities and Local Government December 2014
- f) The Council follows the "Proper Practices" for audit as published by the Department for Communities and Local Government DCLG Circular 03/2006.
- g) Kemble & Ewen Parish Council is committed to being open and transparent in the way it conducts its decision making. Recording, including filming, audio recording, taking photographs, blogging, tweeting and using other social media websites is permitted at Council meetings which are open to the public provided the published Audio-Visual policy is followed.
- h) The Council has achieved recognition of its standards and business practice through the Local Award Scheme. This replaces the former Quality Council standard.
- i) The Council has a suitably qualified clerk, to CiLCA level. Payments will follow the nationally agreed pay scales.
- j) Expenditure policy will be in accordance with GAPTC guidelines on "Best Value". Quarterly Councillors will be given a statement of the current financial position to enable expenditure to be compared to budget. The Council aims to follow "Best Practice" in all financial matters. The Council accounts are always audited in line with the requirements of the Accounts & Audit Regulations 2003.
- k) The rules governing Council Members Code of Conduct are defined in Chapter 7 of Localism Act 2011 and in the secondary legislation "The relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 (S.1.2012/1464). To meet this obligation the Council has adopted the template regulations published by CDC. This is a logical move as CDC is the Councils monitoring body for Conduct issues. All Councillors will observe the principles of conduct and standing orders and chairmanship, declaring matters of interest before meetings. All Councillors have signed the Register of Personal Interests.
- l) The Council is an equal opportunities employer.
- m) The Council has adopted the CDC Independent Review Panel Report on payment of allowances to Parish Councillors. The reason for this is that whilst some members will choose

to meet any expenses from their own means, the ability or willingness to do this should not act as a restraint on people prepared to work for the village.

- n) The Council has been awarded the Local Council Award Scheme Foundation Level. This means that the Council meets all the requirements for operating lawfully and according to standard practice.

4) PROJECTS OUTSTANDING FROM 2020 –2021

Whilst the Council endeavour to take action as quickly as possible, there are inevitably occasions when delays occur.

- a) Village Environment was always going to be long term project, various ideas are still at the planning stage, and further amenity planting will follow.
- b) Station access plans have been delayed but work is expected to start mid December 20 and should be complete by the time this plan is published
- c) Implementation of parking restrictions in the village that were part of the new station car park planning permission has been a difficult issue to get broad agreement on. GCC as the highway's authority has produced several different proposals but these have failed to win general support in the village. There will be new proposals publish in January 21 for further village consideration and if supported, consultation with residents.

5) SECTION 137 PAYMENTS

- a) S137 payments cannot be used by councils that exercise the General Power of Competence other than for charitable donations over £2,000

LEGAL AUTHORITY

The Council is legally bound to spend and receive money only when allowed by statute. This list is a guide to the specific legal powers employed for each of the main areas of Council expenditure and receipts. As a Quality Council there are a number of additional spending powers available. The first one we have chosen to use is the General Power of Competence.

Potential Projects for Future Business Plans

1. FIRST AID COURSES

- a. The Council will sponsor the provision of 1st Aid courses on a regular basis.
- b. These are an important factor in running a safe and vibrant village community.
- c. Individual village organisations would not be able to provide the necessary numbers to make courses viable.
- d. Certification is valid for 3 years so the next scheduled renewal course will be in 2022.

2. TETBURY PATH

- a. The Parish Council supports attempts to open the disused railway line to Tetbury as a walking and cycle route.
- b. The Council is prepared to make a limited financial contribution if needed.
- c. This project is currently at a very early stage.

3. YOUTH CLUB

- a. Kemble & District Youth Club closed during 2013 due to lack of adults willing to help run it.
- b. The Council will fully support any attempt to revive the Club.
- c. There are funds left over from the previous Youth Club, which the Council holds separately from its main accounts. This money is available for the new club subject to Council consent.
- d. Consideration will also be given to sponsorship of alternative activities for young people subject to demand.
- e. The Council will continue to support appropriate initiatives from CDC and elsewhere for widening the range of local activities for young people.

4. NEIGHBOURHOOD WATCH

- a. The Neighborhood Watch scheme needs a new Coordinator to help revive the scheme.
- b. New Volunteers are always welcome; please contact the Parish Clerk if you would like to participate.
- c. The Council has always fully support the work of Neighborhood Watch but with the recent rise in Crime levels we have decided to allocate a small budget for this work so that funds are available when required

5. VILLAGE GATES

- a. Adding village gates, similar to those already installed on the A429 in Kemble, 2 priority locations are;
 - i. Entry into Ewen travelling from South Cerney
 - ii. Entry into Kemble travelling from A433 / Tarlton

6. BUS SHELTER

- a. Adding seating to the existing building
- b. Investigate options for screening to provide more protection from wind and rain

7. PLAYING FIELD

- a. Aim to improve facilities generally at the playing Field
- b. Provide changing facilities to promote team sports

8. LIGHT RAILWAY

- a. The council supports in principle the light railway link to Cirencester.
